## Frequently Asked Questions

### Our style

With our wedding photography we aim to capture all the fun, excitement and romance of the day. We specialise in contemporary reportage wedding photography that we fuse with traditional shots to create a unique and distinctive style. We can incorporate any poses or special requests you have for your images and all requirements will be discussed during the pre-wedding consultation. Most of all we realise that your wedding day will be one of the most important days in your life, and so we will capture every aspect of it with beautiful clarity.

### Back-up equipment

We carry spare cameras, lenses and extra flash equipment, so should the worse happen the photography will carry on as normal.

### How to book your wedding package

If you would like to book Belinda or discuss date availability please contact her via phone or email. Once a booking is agreed you will be sent some forms to complete and a non-refundable deposit is required to confirm everything. The remaining balance is to be paid three weeks before the wedding. A pre-wedding consultation will be arranged to meet and discuss what style of photography you prefer and timings to make sure everything runs as smoothly as possible.

Belinda can be contacted directly either on 07719-312922 or by email via the contact form at: [www.pembrokeshirestudio.co.uk](http://www.pembrokeshirestudio.co.uk)

### Weather worries

No need to worry about the weather because if needed we can move the photography indoors. If requested a studio can be set up at the reception (with prior permission from the establishment) to ensure professional photos whatever the weather.

### Travel costs

Mileage is only charged on the day of the ceremony. Up to an 40 mile round trip from SA67 is free of charge. Mileage thereafter is charged at 30 pence per mile.

### Receiving your images

You will receive your wedding images around two to three weeks after the wedding day.

### Insurance

All my equipment is insured and I have professional indemnity & public liability insurance. We also carry spare cameras, lenses and extra flash equipment, so should the worse happen the photography will carry on as normal.

### Digital originals\*

If you would like complete control over reprints and enlargements for yourself and your guests, you will be pleased to know all our packages have digital originals included in the price. The full resolution colour images are on a USB drive and in addition to this we give all images in a reduced file size for emailing and all images in black & white.

### Extra prints for guests

If you or your guests would like copies of any wedding photos we can set up an account for them on the on line gallery to save you having to deal with it. These are high quality, colour corrected and printed on heavyweight paper in mounts, these will then be posted or delivered directly to them.

### Print Extras to customise packages

You can order extra prints, canvases and photobooks through us please ask for details.

### Quality

We understand that this is a big day. Quality and professionalism can be assured as Belinda is qualified to Masters level and has been doing this for many years.

\* When buying digital originals the copyright remains with the photographer. Purchasing digital original images allows you to make reprints and enlargements for your own use. Commercial use of the images e.g. for advertising or resale etc is strictly prohibited.
